

# Catalog Manager Main Screen

12/03/2025 4:45 pm EST

This is the place where you can see all of your brands in Mecka.

The screenshot shows the 'Catalog Manager' interface. At the top, there's a navigation bar with links for Home, Catalog, Channels, Sales, and Cart. The main header area includes 'Catalog Manager' with a gear icon (1), an 'Add Brand' button (2), and a 'Refresh' button (3). Below this is a search bar (4) and a table of brands. The table has columns for Logo, Brand, Brief, and marketplace selection (Mecka, eBay, etc.). Numbered callouts explain: 5 points to the 'Add Brand' button; 6 points to the marketplace selection checkboxes; 7 points to the pencil icon for editing a brand; 8 points to the 'Items per page' dropdown at the bottom. The table lists various brands like 'AGR (Test)', 'Billy Bob's Parts', 'CBK@', 'Obscure Auto Parts', 'Widget Factory Brand', '3D MAXpider', 'Addictive Desert Designs', 'Advanced Clutch', 'Advantage Truck Accessories', and 'Aeromotive Fuel System'.

This page contains a lot of information and links.

1. This Gear Wheel is a way to select the specific brands that you wish to view on this page. Click on the Gear wheel and a pop-up window will appear with all your brands. Use the check boxes to select which brands you want to work with and then click on Save and Close.
2. Click on the + to add a brand to Mecka.
3. Refreshing the page is useful when something doesn't appear to be loading properly.
4. Type in the name of a brand into this box to search for it.
5. Click on the triangle to open up a screen that allows you to work on [Products](#) and [Price Sheets](#).
6. These columns provide a quick way to enable or disable products from specific marketplaces
7. This pencil appears on Brands that are exclusive to you. Use it to make changes to a name, logo, website, description, country of origin, AAIA code, hazardous materials and more. *Mecka Image Protection will prevent*

*resellers from hiding supplied images.*

8. Use these buttons across the bottom to quickly jump to different pages of your brands.

The [Products](#) window shows all the products that are connected to the Brand

The [Price Sheet](#) window is the place to set your markups
